

Leadership, Teams and Teamwork

A 2-day programme

Who for:

Leaders and team members who want to build and increase their own and others' commitment and contribution to team goals and team effectiveness.

In this programme, you will learn and practise:

- Planning, co-ordinating, completing and reviewing team tasks and projects
- Comparing teamwork styles, functions, strengths and vulnerabilities; how to draw on your own and others' strengths, how to support and underpin vulnerabilities
- How to motivate individuals and teams
- How to interact and integrate your team's goals, plans and activities with those of other teams, where co-operation is key to success
- How to manage conflict constructively, both within the teams and between teams
